# Aerosmith - I Don't Want To Miss A Thing

```
A          E               F#m
I could stay awake just to hear you breathing
           D                   C#m
watch your smile while you are sleeping
             Bm
while you&#39;re far away in dreaming.
        A             E            F#m
I could spend my life in this sweet surrender
        D                C#m        Bm
I could stay lost in this moment,  forever.
             C#m        D                 E
Every moment spent with you is a moment I treasure

Chorus:

    A              E              Bm
       Don&#39;t wanna close my eyes,   I don&#39;t wanna fall asleep
                D                                  E         A
       &#39;cause I miss you babe   and I don&#39;t wanna miss a thing
    A                     E            Bm
       &#39;cause even when I dream of you, the sweetest dream would never do
               D                                   E         A
       I still miss you babe    and I don&#39;t wanna miss a thing

    E         Bm     ...stop

      A             E                   F#m
Lying close to you, feeling your heart beating
         D                    C#m                 Bm
and I&#39;m wondering what you&#39;re dreaming, wondering if it&#39;s me
you&#39;re seeing.
       A                   E                  F#m
Then I kiss your eyes  and thank god we&#39;re together
              C#m       D                  E
I just wanna stay with you in this moment forever,    forever and ever
```

                D                                  E         A
