

## Sting - Stolen car take me dancing

Gm Eb G(b5,no3) D7  
Late at night in summer heat. Expensive car, empty street

Gm7 Eb  
There's a wire in my jacket. This is my trade  
G(b5,no3) D7

It only takes a moment, don't be afraid  
Cm7 F  
I can hotwire an ignition like some kind of star  
Gm Edim7

I'm just a poor boy in a rich man's car  
Cm7 D7

So I whisper to the engine, flick on the lights  
Gm

And we drive into the night

Gm Eb  
Oh the smell of the leather always excited my imagination  
G(b5,no3) D7

And I picture myself in this different situation  
Gm Eb

I'm a company director, two kids and a wife  
G(b5,no3) D7  
I get the feeling that there's more to this one's life  
Cm7 F

There's some kind of complication, he tells her he's alone  
Gm Edim7

Spends the night with his lover, there's a trace of her cologne  
Cm7 D7

And the words of his mistress, as she whispers them so near  
Eb Cm7

Start ringing in my ear

Bb Cm7 Eb F Gm  
Please take me dancing tonight I've been all on my own  
Eb Cm F Gm

You promised one day we could its, what you said on the phone  
Eb Cm F Eb

I'm just a prisoner of love always hid from the light  
F Gm

Take me dancing, please take me dancing tonight

[Gm Gm]

Gm Eb  
I imagine his wife, she don't look nothing like a fool  
G(b5,no3) D7  
She picks the kids up from some private school  
Cm7 F  
She remembers what he told her, he was late and worked alone  
Gm Edim7  
But there's more than a suspicion in this lingering cologne  
Cm7 D7  
And the kid's just won't be quiet and she runs a traffic light  
Bb Cm7 Eb F Gm Eb Cm7 F  
And she drives in-----to the nig----ht

Gm Eb Cm F Eb  
I'm just a prisoner of love always hid from the light  
F Em  
Take me dancing, please take me dancing tonight
