

Gabriella Cilmi - Sweet About Me

C# E B C# (ili F#)

Ohh watching me, hanging by a string this time.

Ohh easily, the climax of the perfect lie.

Ohh watching me, hanging by a string this time.

Ohh easily, smile worth a hundred lies.

If theres lessons to be learned,

I'd rather get my jamming words in first so,

tell you something that I've found,

that the worlds a better place when its upside down boy.

If theres lessons to be learned,

I'd rather get my jamming words in first so,

when your playing with desire,

don't come running to my place when it burns like fire boy.

Sweet about me, nothing sweet about me

Sweet about me, nothing sweet about me

Sweet about me, nothing sweet about me

Sweet about me, nothing sweet about me

Blue, blue, blue,

waves they crash as time goes by,

so hard to catch. Too, too smooth,

ain't all that,

why don't you ride on my side of the tracks.

If theres lessons to be learned,

I'd rather get my jamming words in first so,

tell you something that I've found,

that the worlds a better place when its upside down boy.

If theres lessons to be learned,

I'd rather get my jamming words in first so,

when your playing with desire,

don't come running to my place when it burns like fire boy.

Sweet about me, nothing sweet about me
