

## Adele - First Love

F Cmaj7

So little to say

But so much time

Em

Despite my empty mouth

Am

The words are in my mind

F

Please wear the face

Cmaj7

The one where you smile

Because you

Em

Lighten up my heart

Am

When I start to cry

F

Forgive me first love

Cmaj7

But I'm tired

Em

I need to get away

Am

To feel again

F

Try to understand why

Cmaj7

Don't get so close

To change my mind

Em

Please wipe that look

Out of your eyes

It's bribing me  
Am  
To doubt myself  
F Cmaj7  
Simply, it's tiring

F Cmaj7 Em Am

Em  
This love has dried up  
Am  
And stayed behind  
F  
And if I stay  
Cmaj7  
It'd be a lie

Em  
Then choke on words

Am  
I'd always hide

F  
Excuse me first love  
Cmaj7

But we're through  
Em  
I need to taste the kiss

Am  
From someone new  
F  
Forgive me first love  
Cmaj7

But I'm too tired  
Em  
I'm bored to say

The least and I  
Am  
I lack desire

F Cmaj7 Em Am

Forgive me first love (4x)

Forgive me

Forgive me first love (2x)
